Keys to a Successful Big Green Egg Demo

See. Taste. Believe!

A well-executed Big Green Egg cooking demonstration is a simple and inexpensive way to let your customers experience the EGG in action to fully grasp its potential . . . and when a prospect is researching a grill purchase, seeing (and tasting) is believing.

- On average, Authorized EGG Dealers saw an increase of 40-50% of EGG product sales during a demo, and experienced an increase in return customers.

- 58% of people say they would be more likely to buy a product after engaging with it.

Big Green Egg Demos Draw People To Your Store!

By providing a fun atmosphere, customers will associate your store with a great experience, and will return again and again.

And don't forget about EGGcessories . . . consumers are more likely to purchase products spotlighted at a demo than during a regular store visit.

Once a customer is engaged with the demo, you have a captive audience, and the perfect opportunity to educate them about the EGG and EGGcessories.

Demo Days Check List:

- Determine dates and create demos around MAP holidays, community events, grilling holidays and other special occasions
- Promote your event through social media and local media
- Create your display with EGGs, EGGcessories, promo items and giveaways - koozies, Big Green Egg LifeStyle, magazine, recipe cards, etc.
- Food - determine what you will cook and sample
- Demo staff: bring in the EGGsperts, local Big Green Egg influencers, Team Green, culinary partners and chefs
- Send emails to your customer base
- Collect emails from all demo attendees to build referrals for newsletter announcements for future EGG events
- Ceate your own mini EGGfest multiple EGGs, EGGheads, influencers and cooks

To help make demos a low cost way to draw customers to your store, we offer a generous Big Green Egg Demo Program.

To learn more about this program, contact your Big Green Egg Distributor.
